SUMMARY OF THE REASONS FOR DECISION:

The publication contains explicit depictions of male to female sexual activity. Close focus depictions of genitals appear at irregular intervals throughout the publication and serve to degrade and dehumanise the participants. The women in the publication are at times reduced to surfaces for the collection of male ejaculate which degrades and dehumanises them. However, such depictions are counterbalanced by full body depictions of a variety of sexual activity. Offensive and derogatory language that refers to participants' genitals, and their roles in the sexual activity, degrades and dehumanises them. Such textual references are outweighed by references that are neither degrading or dehumanising to participants. The availability of the publication is considered likely to be injurious to the public good unless restricted to an adult audience.

The above criteria, as discussed under s3 of the Films, Videos, and Publications Classification Act 1993, is balanced against the New Zealand Bill of Rights Act 1990 (NZBR Act). The classification given to the publication is considered to be a reasonable limit on the right to freedom of expression, as outlined in s5 of the NZBR Act.

Therefore, *Hot Cunts* is classified as:

Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years.
